

## Dr. Johnson Francis Profile

Dr. Johnson Francis, is the founder and executive chairman of Oscar Diversified Holdings and is recognised as one of the long standing aviation business leaders in Malaysia. His diversified business interests include airlines, aircrafts, hospitality, technology & development, international trading, F&B, property management.

With more than 2 decades of experience in the aviation industry, the group has now grown to be a diversified business group globally under his leadership.

Among the flag ship ventures in the group include a number of GSAs including Sri Lankan Airlines, Indian Airlines, Air India Express, Air Arabia. 2020 saw a new milestone when Air India and Air India Express appointed Oscar Holidays exclusively for the return of its citizens from Malaysia to India during the height of the pandemic which is ongoing to date. Oscar Technology and Development continues with its state of the art Artificial Intelligent solutions rollout in the Southeast region. Its international trade portfolio chalked record growth and is very optimistic of higher contributions to the group in the coming years.

Johnson also sits on the board of several other companies in Malaysia, Singapore, United Arab Emirates and Sri Lanka and is an advisor on Travel and Tourism to a number of governmental bodies. He was the honorary secretary general of MITTA, Malaysia for the 2017 to 2019 period.

He is a patron of Oscar Foundation and is a member of Rotary Club of Lake Gardens Malaysia.
